Join CRIDF for their world cafe on *Catalysing human development through climate resilient water infrastructure*

26 August at 16:00, FH 202

World Water Week is the annual focal point for the globe's water issues. CRIDF will join over 3,000 scientists, practitioners, business leaders and policymakers from around the world to address the theme “Water, ecosystems and human development”.

You can also find members of the CRIDF team at the following sessions:

- *Is there such a thing as innovative financing for ecosystems management?* on **28 August at 14:00, FH 300**
- *Sustainable infrastructure for inclusive green growth* on **29 August at 11:30, FH Congress Hall A**
- *Water finance constraints: Africa and Sweden* on **29 August at 14:00, FH Cabaret**
- *Unlocking water infrastructure financing: Adaptable approaches from across Africa* on **30 August at 11:00, SIWI Sofa**

Or come and speak to one of the CRIDF team at the **GWP (Global Water Partnership) stand**

World Water Week 2018

Date : **26–31 August** | Venue: **Stockholm City Conference Centre** | City: **Stockholm, Sweden**
